

# The 2<sup>nd</sup> WICKED PROBLEMS IN MEDICAL EDUCATION CONFERENCE:

## Researching Medical Education for Innovative Solutions

May 29 - 31, 2024

At Splash Beach Resort Phuket, Thailand

This international conference is a forum for educators, researchers, and program leaders who are keen to expand their repertoire of systematic inquiries (also referred to research approaches). While these methodologies can be applied to all types of problem, we will focus on one particular complex problem in medical education that is challenging or impossible to solve: the wicked problem of teaching and assessing professionalism.

Upon completing a series of intensive research courses, participants will be equipped to tackle educational challenges by:

- Employing diverse research methodologies to analyze and address complex issues in medical education
- Formulating well-defined research questions designed to address both local and global educational challenges
- Collaborating with communities of medical educators and education scholars to create meaningful change in medical education.

### Dorene Balmer, PhD

Director, Research in Pediatric Education  
Children's Hospital Philadelphia, Perelman School of  
Medicine University of Pennsylvania, US

### Erik Driessen, PhD

Chair, Department of Educational Development & Research  
School of Health Profession Education at Maastricht University,  
Netherlands

### Morris Gordon, MD, PhD

Director, Biomedical Evidence Synthesis and Translations to  
Practice Unit, University of Central Lancashire, UK  
Co-Chair, Best Evidence Medical Education (BEME) Council

### Susan Mckenney, PhD

Professor of Teacher Professionalization, School Development  
and Educational Technology University of Twente, Enschede,  
Overijssel, Netherlands

### Madalena Patricio, PhD

Chair, The BEME Board 2022  
Honorary Member and Coordinator of the Medical Education  
Training Program, Department of Medical Education (DEM),  
Member of the Education Group at CEMBE (Center for Evidence)  
Faculty of Medicine, University of Lisbon (FMUL), Portugal

### Martin Pusic, MD, PhD

Associate Professor of Pediatrics & Emergency Medicine, Harvard  
Medical School, Boston, US  
Director, Research Education Foundation, American Board of  
Medical Specialties  
Past President, Society of Directors of Research in Medical Education.

### Subha Ramani, MBBS, MPH, PhD, FAMEE

AMEE President  
Associate Professor of Medicine, Harvard Medical School, Boston, US  
Adjunct Professor, Massachusetts General Hospital Institute for Health  
Professions Education  
Assistant Director, Global perspectives and community, Brigham  
Education Institute

### Satid Thammasitboon, MD, MHPE

Associate Professor of Pediatrics & Critical Care Medicine, Texas  
Children's Hospital and Baylor College of Medicine, Houston, US  
Director, Center for Research, Innovation and Scholarship in Health  
Professions Education  
Chair, Review Committee, Society of Directors of Research in Medical  
Education

## Registration

Registration Fee	International Delegates	National Delegates
Early bird up to 31 March 2024	550 USD	฿ 12,000
Standard 1 April up to 31 May 2024	650 USD	฿ 15,000

Remark: Fee includes all sessions, lunch and coffee breaks

School of Medicine and Health Sciences
